Offers for sales of Shares by the Fund can be made only by the Fund's Private Placement Memorandum. This communication is strictly for illustrative, educational, or informational purposes and is subject to change. Carefully consider the risk factors, investment objectives, fees, expenses, and other information associated with investments in the Fund before making an investment decision. Such risk factors, investment objectives, fees, expenses and other important information can be found in the Fund's Private Placement Memorandum, which can be obtained by the Fund In the case of Shares purchased directly from the Fund, or in the Fund's financial disclosures, which can be found on www.otcm Markets.com (Symbol: ODOT). The financial disclosures available on www.otcm Markets.com have been prepared in accordance with the OTCQB Alternative Reporting Standard (which have not been approved by the U.S. Securities and Exchange Commission (the "SEC") or any other regulatory agency or state securities commission). The Fund is a speculative investment that involves a high degree of risk and uncertainty, and is not suitable for investors that cannot afford to lose their entire investment. Moreover, there can be no assurance that the value of the Shares, traded on the secondary market under ticker symbol "ODOT," will reflect the value of the Fund's net assets. Such Shares may trade at a substantial premium over, or a substantial discount to, the value of the Fund's net assets ("Net Asset Value" or "NAV"), because, among other factors, the Fund does not currently operate a redemption program, and because, among other factors, the Fund's Shares when initially issued are generally subject to a holding period under Rule 144 of the Securities Act of 1933 ("Securities Act"). Therefore, the performance of the Fund's Shares may deviate significantly from the performance of the Fund's NAV per Share. There is no guarantee that the Fund will meet its investment objective. Prior to making any investment decision in respect of the Fund or Shares of the Fund, each investor must undertake its own independent examination and investigation of the Fund, including the merits and risks involved in an investment in the Fund or Shares, and must base its investment decision – including a determination whether Shares would be a suitable investment for the investor – on such examination and investigation and must not rely on Osprey or the Fund in making such investment decision. Prospective investors must not construe the contents of this material as legal, tax, investment, or other advice. Each prospective investor is urged to consult with its own advisors with respect to legal, tax, regulatory, financial, accounting and similar consequences of investing in the Fund, the suitability of the investment for such investor and other relevant matters concerning an investment in the Fund. This material contains an overview summary and does not purport to be complete, and is qualified in its entirety by reference to the Fund's definitive offering documents, which can be obtained by the Fund In the case of Shares purchased directly from the Fund, or in the Fund's financial disclosures, which can be found on www.otcm Markets.com (Symbol: ODOT).
